WAICU STUDY ABROAD

HEALTH AND MEDICAL EVACUATION INSURANCE APPLICATION

All Marian University students who are studying abroad are required to be enrolled in a health and medical evacuation insurance plan specifically designed for study abroad. Built into the cost of the study abroad program is the United Healthcare Student Injury and Sickness Insurance Plan for Study Abroad students through the Wisconsin Association of Independent Colleges and Universities (WAICU). Generally, a student is covered for 5 months of travel. For example, January 1 - May 30 for most spring students and August 15 – January 14 for most fall students. For exact dates of coverage, please refer to your insurance card.

If you are planning to travel independently before and/or after the program on dates other than those covered by your insurance, you must purchase supplementary insurance if you are not already covered by another plan.
