While reviewing this information, please bear in mind:

The graduation/completion rate is based on 6 years of attendance that equates to 150% of our longest program.

We have elected not to report our transfer-out rate because our college's mission does not include providing substantial preparation for students to enroll in other institutions.

The graduation/completion rate does not include students who left the school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded.
