

Inspired to Learn

Marian University's Bachelor of Science in Radiologic Technology is designed for ARRT-certified Radiologic Technologists who are interested in advancing into a management or supervisory role in the healthcare field. With a bachelor's degree under your belt, you will be able to pursue new and exciting career opportunities.

Our program enables you to:

- Complete coursework 100% online and on your schedule
- Earn a Business Administration minor, positioning you well for leadership roles
- Gain a broader foundation of knowledge, preparing you for a variety of job responsibilities
- Finish your degree in 24 months, quickly placing you on a path to career success

In addition, your certification from the American Registry of Radiologic Technologists (ARRT) immediately grants you 60 credit hours toward earning your bachelor's at Marian University.

Marian's program complements your healthcare knowledge with a broad range of liberal arts courses. Choose from classes in psychology, history, philosophy, and more. In addition, you will minor in Business Administration paving the way for advancement in your career.
