

# MARIAN UNIVERSITY

2014-2015 Annual Report

## Dear Friends of Marian University,

Welcome to our 2014–15 Annual Report. It seems like only a few weeks ago that we welcomed the entering class of 2019 and welcomed back our continuing students. Graduation is such a joyous event as we witness the culmination of our students' educational pursuits and send them out into the world; however, seeing the faces of those at the other end of the spectrum — our freshmen — is every bit as exciting. The Pinning Ceremony we hold to welcome them into "the academy" is the perfect juxtaposition to the commencement ceremony.

Our 2014–15 academic and fiscal year was full of juxtapositions in that we accomplished so much, yet still have so far to go.

We all know Benjamin Franklin's saying, "If you fail to plan you are planning to fail," and so plan we did. We rewrote the *vision statement* that is the guidepost to our strategic plan: Developing potential, and enriching lives through teaching and learning — united in service for a just and humane world. We also developed strategic financial and advancement plans that delineate the goals for the university community for the next five years.

We acquired a building in downtown Fond du Lac that will become our Center for Health Professions. With two lessees already occupying the building, we are very pleased with the positive impact this will have on the downtown area, as well as the tremendous opportunity it offers for us to provide our students a state-of-the-art learning environment.

All of this goes hand-in-hand against the challenges that we, like many other institutions of higher education, have and continue to face. You have no doubt read about these challenges to colleges and universities — both private and public — within Wisconsin and across the nation.

As we look ahead to 2015–16, we do so with hope, anticipation and faith in our future. Thank you for your interest in Marian University and thank you for your support.

Sincerely,

Robert A. Fale  
Interim President

## Mission Statement

Marian University is a Catholic applied liberal arts community that welcomes diverse spiritual traditions. Sponsored by the Congregation of Sisters of St. Agnes, Marian University engages students in the education of the whole person. We embrace justice and compassion and transform lives for professional service and leadership in the global community.

## Vision Statement

Developing potential and enriching lives through teaching and learning — united in service for a just and humane world.

# SCHOOL OF Arts and Sciences

While offering many academic programs central to Marian University being an applied liberal arts institution, the School of Arts and Sciences is consistently on the cutting edge of innovation, in the classroom and in local and global communities. Brilliant and engaged faculty who take the time to personally advise their students, who keep abreast of their discipline and who are motivated to foster the best in their students, capture the core of what the School of Arts and Sciences embraces.

*Recipient of the 2015 James R. Underkofler  
Excellence in Undergraduate Teaching Award*

**Dr. Jodi Wagner-Angell**

The James R. Underkofler teaching award honors and recognizes the importance of excellence in undergraduate teaching.

“Being a part of the Expressive & Therapeutic Arts program has changed my perspective on the importance of art and creativity, and the ability it has in healing. In one year, this program has given me more insight and valuable information on how to use art as therapy than I ever knew possible.”

— DANIELLE CORDS, '17,  
Expressive & Therapeutic Arts Major

## Highlights

- Nicole Furtak, '17, a Spanish minor, has invented an original game reviewing medical concepts in Spanish, which she will play in Spanish as a special project.
- Five English majors attended the **Sigma Tau Delta conference** in Albuquerque, N.M., and four of them presented papers or poems.
- The *Catholic Herald* featured several students from Marian who participated in the “Sister Story” initiative through which students were matched one-on-one with sisters from the Congregation of Sisters of St. Agnes to record their lives, while developing friendships and memories. Spanish education Major Soledad Theel, was paired with 83-year-old Sr. Miriam Therese Putzer. “What began as a semester project has become so much more”, Soledad says. “....she is my sister, she is my friend, she is a nun.”
- Bethany Fredrick, '17, a double major in Spanish and Communication, pioneered an internship at the Children's Museum of Fond du Lac. She updated their website with videos, translated brochures and online materials into Spanish and represented the museum at several community events.

# SCHOOL OF Arts and Sciences

## Highlights

- Courtney Clark, '15, a Biology major, is currently in Tanzania doing field research in wildlife management through the Field Studies program. Her trip is funded in part by a grant from the Marian Social Justice Committee.
- Professor Andy Gill taught a class in "*Understanding Gang Formation and Behaviors*." The students of Professor Gill's class participated in a service learning project, cleaning and painting over graffiti on two separate bridges in the City of Fond du Lac.
- Five students from the Forensic Science major presented at the **International Association for Identification's (IAI) Centennial Conference** in Sacramento, Calif., in August.
- Charles Jaymes, '13, a Homeland Security graduate, is a Security Police Officer for the National Nuclear Security Administration (NNSA) at the Pantex plant in Texas. Pantex Plant's key role is to ensure the safety, security and reliability of the Nation's nuclear stockpile.
- Professor Amy Hennings presented at Marian's Academic Symposium in March (co-presented with associate professor Leslie Jaber-Wilson) on the topic of *Resilience and Happiness in the Aftermath of Trauma*.
- Marian math professor, Qinghua Luo, Ph.D., was selected as a **TIMES Teaching Fellow**. The TIMES project (*Teaching Inquiry-Oriented Materials: Establishing Support*) is part of an National Science Foundation (NSF) funded research grant designed to provide support for those interested in implementing new curriculum materials.

The School of Arts and Sciences introduced a new course to start in fall 2015, "***Philosophy of Food***".

SS

Establishing the Sabre Garden has been a great way to exemplify Marian's Core Values. Students, faculty and staff have worked together to build the garden which is being used to teach sustainable farming methods while providing healthy, unprocessed foods to the Salvation Army Food Pantry, helping to feed those in need.

# SCHOOL OF Business

The mission of the School of Business is to educate students for professional roles in rapidly changing global environments through programs that promote critical thinking, are pragmatically oriented and values-based.

Marian's **School of Business** has added  
1 new undergraduate business program  
to begin fall 2015 —  
**Organizational Supervision.**

Model United Nations student competed in Washington, D.C., St. Louis, MO and New York City, NY. At the Midwest Model U.N. in St. Louis, Marian student, Miranda Berndt was named "Outstanding Delegate on the Security Council". At the National Model U.N. in New York, the Marian delegation received the Honorable Mention Award.

## Highlights

- Four new articulation agreements were developed with Moraine Park Technical College.
- Professor **Scott Dell**, accounting program director, has been elected to the Board of Directors and is Chair of the Career Management Committee of the Northeast Wisconsin Chapter of Financial Executives International (FEI).
- Marian's master's program in business was revised and reintroduced as a **Master's in Organizational Leadership** in both online and in-class formats.
- School of Business Dean, **Dr. Jeff Reed**, has been named District Governor Nominee and will serve as the 2017–18 Rotary District Governor for the 55 Southeast Wisconsin Clubs in Rotary International District 6270.

# SCHOOL OF Education

The School of Education prepares teachers for the realities of today's classrooms, equipping them with 21<sup>st</sup> century skills that focus on student-centered methods that allow students to collaborate, integrate technology, develop problem-solving skills and engage with the community.

Dr. Deb Kneser traveled to Thailand to develop a partnership between Marian University and a branch of the Thailand Education Ministry (IPST). As a result of this partnership, IPST will be sending five graduate students to Marian University. The students will be enrolled in graduate education classes and will participate in field experiences in classrooms in the Fond du Lac School District.

80

Two **Technology Coaching Academies** were held at Marian; 80 technology coaches in attendance; 2 days of learning.

## Highlights

- **The Leadership Studies faculty** have worked to enhance a culture of academic collegiality and research collaboration. Graduate students were encouraged to attend and present at local, state and national meetings. Several doctoral students presented and attended conferences this year, including the Academy of Management.
- The ***Institute of Professional Development (IPD)*** had a highly successful year. IPD surpassed its goals, offering 127 courses or events and providing professional development for 29 different school districts. 957 students enrolled for credit and received 1944 graduate credits.
- The ***Educational Technology Master's Program*** is now entirely online, which has led to an increase in program enrollment.
- **Dr. Deb Kneser**, assistant professor, received two Teachers and Administrators to the NGSS." In January, it was awarded the "Best of 2014 Science Books & Films" by the American Association for the Advancement of Science, and in May, the book was a finalist for the 2015 REVERE Award, Leadership Category, by the Association of American Publishers.

# SCHOOL OF Nursing & Health

The School of Nursing and Health Professions (SHNP) provides state-of-the-art undergraduate and graduate nursing education that endows nursing graduates with the knowledge, values, and skills to work within collaborative interdisciplinary teams to provide safe patient-centered care in any setting. Through the use of research evidence, health informatics, and knowledge of quality improvement, graduates will have the skill set to lead change in individual patient care settings, the community, and the nursing profession.

The SNHP faculty is in the process of transitioning from the Adult Gerontology Nurse Practitioner program to a Family Nurse Practitioner program. This change will allow students to care for patients across the lifespan from birth to the elderly. Additional clinical sites will be utilized and graduates will be prepared to work in additional settings such as family practice. This transition will help meet the growing demand for primary care health care providers.

# 100%

The Mercy/Oshkosh Radiation Technology Class of 2014 recorded a **100% pass rate** on American Registry of Radiologic Technologists (ARRT) National Certification exam.

# h Professions

## Highlights

- In the fall of 2014, the **Bachelor of Science in Nursing (BSN) Completion Program** was offered online in its entirety. The first group of students will graduate in December 2015.
- Jill Rickerman, '15, a social work major and president of the Student Social Work Association, coordinated a fundraising drive for 107.1 The Family Help for the Homeless Fond du Lac Area Hygiene Drive, setting a Fond du Lac record for donations raised of \$22,510.
- The School of Nursing and Health Professions provided several opportunities for their staff and faculty to give back to the community. This year the chosen organizations were: **Giving Soles; Salvation Army Brown Bag Lunch Program; school supply collection for Pillar & Vine Foster Care; P. Newhouse; Presents for Peds; and planting for the Motherhouse.**
- The Radiation Technology Class of 2014 attended the **2014 Wisconsin Association of Educators in Radiologic Technology (WAERT) Student Symposium** and took first place in the Student Quiz Bowl competition and second place in the Education Video Competition.
- The **School Social Work Association of America** coordinated two community educational events at the University with nearly 400 community and professionals participants in attendance. These events provided education on new developments in mental and health and trauma treatment.

New Dean of the School of  
Nursing and Health Professions:  
Dr. Linda K. Matheson, RN

# MARIAN UNIVERSITY Outreach Center

Marian University is committed to supporting and embracing the students' university experience by providing opportunities to develop academically, experientially and professionally.

## Highlights

- **Marian's outreach centers**, located in Appleton and West Allis, have provided the opportunity for easier accessibility to attend classes. These centers not only serve as teaching classrooms, but also as testing centers.
- Marian is certified through the **National College Testing Association**. The outreach centers provide and proctor examinations for students taking a course and/or completing a degree at other institutions.
- The **West Allis outreach center** has expanded its testing services to include DSST (*formerly DANTES Subject Standardized Tests*) examination and Miller's Analogy examination.
- The **Center for Academic Support and Excellence (Fond du Lac Campus)** provides proctoring services for current Marian students to retake or make-up a missed exam, including online exams.

Marian University is the only exam site in Wisconsin for **National Board of Medical Interpreters** exam.

# Donor Listing July 1, 2014 - June 30, 2015

Dear Marian Community,

The 2014–2015 fiscal year was exciting for Marian's Advancement Team. Our strategic focus was to build a solid foundation that would enable us to engage new and existing donors. The efforts were successful and I want to extend a warm thank you to the many donors who gave generously to Marian.

## Your donations clearly represented your support for Marian's Mission and Core Values.

Many of the gifts received impacted programs such as the Working Families Grant program, a program that enables disadvantaged single parents with dependent children to pursue their four-year undergraduate degree. Others gave to scholarships that help many of our first-generation students realize the dream of obtaining a college education.

It is your commitment to these shared values that has us so optimistic about Marian University's future. Together we will make a difference. Thank you.

Best regards,

George E. Kbonce  
Vice President for Advancement
