Undeclared Program

With more than 40 majors and 35 minors, you have lots of options to explore!

- You can click [here](#) to start to explore them all

How Can We Help:

- Personalized and individual meetings
 - We can talk with you about your interests and strengths and share details about our areas of study
- Strong faculty connections
 - Our faculty are experts in their field and because we are a small campus, we can easily get you connected with faculty to learn even more about your interest area
- Career Services Office
 - Strong Interest Inventory—A inventory you can take, provided free of charge as a Marian student, that helps to match your interests with job titles
 - Job shadows or informational interviews—what better way to find out about the field than to speak with someone in it

We're Here to Help!

Your academic advisor will help you:

- Develop class schedules/plans
- Explain university policies, requirements and procedures
- Teach you to use the tools and resources available
- Assist you in staying on track for graduation
- Help you better understand what you want to do and how to get there
- Be a helpful guide as you complete college
