An aerial photograph of a university campus, overlaid with a blue tint. The central focus is a large, circular building with a distinctive lattice-patterned facade. To its right is another circular building with a flat roof. The campus is surrounded by green lawns, trees, and paved walkways. In the background, a multi-story rectangular building is visible. The overall scene is captured from a high-angle perspective.

The University fosters a campus community that is inclusive of persons of diverse backgrounds and faiths and does not tolerate discrimination in any form by any University employee or member of the student body. The Title IX of the Higher Education Act of 1972 (Title IX) ensures the University does not discriminate on the basis of sex in its educational programs or activities.
