

Undergraduate Certificate **THANATOLOGY**

**Expand Your Skills in Compassion and Care
with a Certificate in Thanatology.**

Thanatology is the study of death, dying, loss, and bereavement.

Marian University, a leader in Thanatology education, is now offering new credentials for those who want to build on their expertise in these sensitive areas. Thanatology is a great way to strengthen your foundation, as you guide others through life-changing experiences.

Why choose Marian for your Thanatology Certificate?

Contemporary courses. Explore the latest innovations and significant practices.

Trauma-informed approach. Marian recognizes that students sometimes bring their traumatic experiences with them.

Designed for adult learners. The 7-week, online terms are designed for full-time working professionals.

Accomplished Faculty. Learn from faculty who are experienced practitioners, authors, and sought-after speakers on podcasts and at national conferences.

Personal and Professional Growth. Connect with practitioners from diverse backgrounds through engaging coursework, practical experiences, and a supportive learning environment.

Our partners: Our partners include the National Alliance for Children's Grief, the Cincinnati College of Mortuary Science, Pittsburgh Institute of Mortuary Science, National End of Life Doula Alliance, and the Association Death Education and Counseling. Members of these organizations, plus the National Funeral Directors Association, are eligible for tuition discounts.
