Watchers of the Sky

a film directed by Edet Belzberg

On Holocaust Remembrance Day, Dr. David J. Leichter, Dr. Matthew P. Szromba, and students will be viewing the critically acclaimed 2014 film, *Watchers of the Sky*.

Watchers of the Sky interweaves five stories of remarkable courage, compassion, and determination, while setting out to uncover the forgotten life of Raphael Lemkin—the man who created the word "genocide" and believed the law could protect the world from mass atrocities. Inspired by Samantha Power's Pulitzer Prize-winning book, *A Problem From Hell*, *Watchers of the Sky* takes you on a provocative journey from Nuremberg to The Hague, from Bosnia to Darfur, from criminality to justice, and from apathy to action. Editing Award and Special Jury Award for Use of Animation US Documentary, Sundance Film Festival 2014

Please join us for a short discussion of the film and reflect on the ongoing legacy of the Holocaust for our times. This event is open to faculty, staff, students, alumni, and the greater Fond du Lac community. Follow the QR code to view the trailer for the film:
