

MARIAN UNIVERSITY

Bachelor of Science in **HEALTH CARE ADMINISTRATION**

Learn to manage and lead healthcare organizations

Designed in a convenient format with 100% online accelerated 7-week courses, this program will prepare you for a successful career in one of the nation's largest growing industries. Build from the knowledge you already have and jumpstart your career.

To ensure graduates are prepared to efficiently lead and manage a healthcare department or organization, the program explores a wide range of business-related topics that aide in delivering service, treatment, support, and access to patients.

Students develop skills in communication, critical thinking, leadership, writing, and take on real-world challenges through hands-on learning opportunities with local health centers, agencies, and organizations.

The program will prepare you to become:

- Licensed Nursing Home Administrator
- Licensed Assisted Living Administrator
- Certified Medical Manager
- Certified Professional in Healthcare Information and Management Systems
- Certified Professional in Healthcare Risk Management
- American Association of Healthcare Administrative Management
