Bachelor of Science in NURSING (RN TO BSN) COMPLETION PROGRAM

**Take the next step in your career
in just 12 months**

Build your expertise through this 100% online program designed to provide continued personal and professional growth by emphasizing evidence-based practice, healthcare systems leadership, policy, and management skills.

Achieve the next step in your nursing career as we prepare you to meet the changing needs of healthcare communities and organizations. Our program offers:

- 7-week courses, 6 possible starts per year
- No lab science course required
- Transfer up to 90 credits

- Full-time students may graduate in as little as 12 months
- Complete in 3, 5 or 8 semesters with full or part-time study
- **Tuition lowered to \$295 per credit!**

Applicants must be licensed RNs — ask your admission counselor for details.

The education you want, when you want it

We offer a rolling admission with six different start dates — January, March, May, July, August, and October. We accept a maximum of 90 transfer credits and, depending on the number of transfer credits accepted, you could graduate in 12 months.

This program is right for you if:

- You are a licensed registered nurse
- You have an associate degree or nursing diploma
- You want to advance your nursing education
- You are interested in management or leadership
- You need a bachelor's for promotion
- Your BSN is a steppingstone to an MSN

RN to BSN Population Health Component

Students complete two 15-week population health courses concurrently, one of which requires 50 hours of direct community clinical contact. These experiential requirements may be completed close to where you live, and clinical settings may include:

- County and School health departments
- Infection control departments
- Community-based management
- Occupational health nursing
