The education you want, when you want it

We offer a rolling admission with six different start dates — January, March, May, July, August, and October. We accept a maximum of 90 transfer credits and, depending on the number of transfer credits accepted, you could graduate in just 18 months.

Learn more, do more

You'll explore topics like research methods, healthcare administration and management in order to equip your skill set with valuable tools for communication, research and leadership in healthcare.

Learn more, make more

With a strong employment outlook and the advantages that come with advanced education, those who earn a Bachelor's in Respiratory Therapy have advantages over professionals with an Associate degree. The BLS projects 23% growth in the field through 2026, and median pay of more than \$60,000/year. The benefits of earning your BS include increased salary, promotion, and a pathway to qualify for diverse roles in the healthcare field such as disease manager or case manager.
